Testimony

I got married and wedded in 2010. I began to ask God for fruitfulness and dec 2010 while watching africa magic, a voice said to me change to ltv. I wondered but obeyed. Towards the end of programme, Daddy GO asked us to pray to God and present our needs for 2hrs. I asked the Lord Jesus to turn my fibroid to fine son. And aug 2011, my son was delivered. I surgically got the fibroid out i 2012 and by march 2013, 5mths after the surgery, i was asking God to please have mercy, While driving one day, I heard the radio advert of a special holy ghost service for march 2013. At the end, a voice said to me, make sure you are there. After enquiries from a friend, i got to camp with a day 2 menstrual flow that was heavy and painful. I went to the altar and lay flat on my tummy telling God to please turn the menstrual blood to baby as the one who moulds babies with blood. 2hrs later when i went to shower before daddy preaches, i noticed my period had dried up. Surprised, i still put a pad which i prayed with on the altar. To the glory of the living Most High God, the menstrual period remained ceased until december 2nd 2013 when our baby girl Immanuella Chimamanda arrived. Indeed God is ever present in RCCG. Praise the Lord.

Glory to God. I have been having a ringing sound in either ears. It just comes and sound like a continuous ring. A doctor has checked it and there shouldn't be anything wrong with it. So i stand on the word in John15:7. This talks about abiding in Christ Jesus. Now it tried coming back and i stood on the word in today's memory verse in open heavens James 4:7. Then i touch my ear hole with the anointed cloth i got from the 2016 convention in August. And glory to God this sound ended and i know it is gone permanently in Jesus name. Testimony

In 2012 January, I lost my job at Access Bank, my wife came down with kidney issues and was healed miraculously. But then, I had spent all my money on her medical bills and that of my 2 kids. At this point I was not a member of any church, but believed in God and attend regular service (Catholic and MFM) After

three days fasting with the pastor of MFR, I had a dream, where I saw alot of people lined-up, asking for my forgiveness, then I saw my self in a very big church in Lagos, but did not know the name of the church. One morning, I was in a motor park wanting to travel from Kano to Gombe State, when a bus came in with bullet holes on it. I inquired what had happened, and the person told me that the bus came in from Lagos and was attacked along the way. Just the mention of Lagos stirred up a huge desire in me to be in Lagos without remembering my dream. I called a friend (Paul Uzum) instantly, to ask if I could come live with him in Lagos to search for a job? His response was, YES. Please come as soon as you can. I was in Lagos within a week in July, 2012. He was staying at Alagbado area, and the apartment was opposite a Redeemed church, so I began to attend the Redeem. During one of the weekly programs, announcement was made that the church was providing a bus and free food, that those interested in going to the convention should put down their names. I did and went with them against the advise of my friend. On the day we left the camp, I got back home and met my friend browsing, he threw jabs at me for speeding all that days in the cold while he watched the programs on tv at home. I just simply asked him to allow me use his system to check my email when he was done. After about 10 minutes, I checked my email and opened jobberman for HR positions, I sent my CV for one of the openings, and within 2 minutes of clicking send, I got a call from the company's representative to ask if I could attend an interview in Lagos the next Monday? I told the man that I was already in Lagos. He sent me an invite within 5 minutes, I attended the interview and was hired as the head of Human Resources out of five candidates that attended the interview. Job was outside Lagos State. I had resumed worked before I remembered my dream. God used the convention and Daddy to change my situation. I am now a member of the Redeemed Christian Church Of God. There has been many more miracles after the above. I promised to testify at the local RCCG that sponsored by trip and fed me throughout the convention but have not. I will like to achieve this between now and February next year. God bless.

I want to share my testimony to the glory of God and d shame of d devil.I usually had dreams that am been locked in the prison, doors are been short at me, my path are been closed, a'v been lost and such bad dream. And truly, my my physical life is just like those dreams,so i came to the convention of AMEN and prayed at the alther each niht and claimed all the prophecy that Daddy G.0 said with faith. After the convention at home I was still praying and claiming the prophecy, behold, one night, i had a dream and i saw myself and some other ladies in a big house and a demon was the security guard, so nobody ever go out of that mansion. But this time i told the ladies that, am going out of that prison that if they like, they should remain their and the ladies told me that its as if i want to die,i did not answer them so I opened my bag in the dream, brought out the anointing oil that I lifted up at the camp when daddy G.0 was praying, and I said in the dream WHERE IS THE LORD GOD OF ADEBOYE AND I POUR THE ANOINTING OIL AT THE ENTRANCE OF THE prison and the demon disappeared and I came of of the lock-up thinking that I will see a gate but all s was seeing is year starting from 2016 to 2005. All the years line up and I was coming out of them until it reached 2005 and I came out.PRAISE THE LIVING JESUS. THE ENEMIES HAVE LOCKED ME UP SINCE YEAR 2005,BUT THE GOD OF ADEBOYE HAS SET ME FREE and from that time till now the God of Adeboye have been faithful to me.

Then I felt uncomfotable with the leg and I told God to heal me of this leg irrespective of the cause.I don't want to go back home and people will start asking me "Is it not camp that you are coming from?". To my surprise, before I got home, the leg has reduced and less than 24 hours that I got home, I checked my legs and I kept wondering if it is the same leg that I saw 3 days ago. Praise God.

God is good and His faithfulness is unquestionable. During the 2015 Holy Ghost Congress, my husband and i watched the service online and we tapped into Daddy GO's declaration on all the prayer points. In addition, when put forth our request before God when it was time to ask God for something for ourselves. i recall that Daddy GO gave the themes for Jan- March 2016. little did i know that these theme were God's direct prophesies into my life. My Husband and I were involved in a car accident in January that destroyed our car but surprisingly no life was lost and there began a fulfillment of God's promises in our lives. February came with Arresting the Arrester and God proved himself that He is God all by himself. A long waited blessing came to fruition. March's theme of the winning side was a confirmation that we were destined for greatness in 2016. Our prayer point was for a relocation and to the Glory of God, My family and i relocated and are settled in Canada.I never doubted God and i'm thankful that He is using Daddy GO for many miracles. I just want to give God the glory,I have always wanted to get my masters degree abroad and i miraculously got admission into a school abroad even when my grades did not qualify me and during Congress last year i asked God to help me and went round the auditorium with my prayer partner 7 times before the end of the congress and also used the comb that Daddy GO gave us. The Monday after Congress i went to the embassy and i was given the visa effortlessly. After i got the visa it was time to pay the tuition fees but i did not have the money so i had to defer my admission and then last Convention i came back to God and told Him about it and i also went round the Arena 7 times for the 7 days of the convention and i told Him that He is

my father and it is a father's duty to pay for His children's school fees and well i am sending this message from the United States of America getting my masters degree only because my heavenly daddy made a way and even now that i am here, He has been taking good care of me,My daddy spoils me with beautiful things, i also told God that i do not want to be stressed anymore aand God has eradicated stress from my life too. I thank God for the salvation of my soul and that of my family. Yesterday 9th of December was the first time I would listen to Daddy GO's full ministration live from the Camp. I was called by my younger sister around 5pm and she informed me she felt a piercing jab like an arrow on the left side of her body around midnight on the 9th and immediately the left side of her body became too heavy for her to move. According to her she had to use both hands to lift her left breast. Around 8pm, my mum called me to request that I contact all our pastors to pray for a divine intervention and immediately I told myself that tonight' ministration was for me. I the course of the ministration our daddy in the Lord, pronounced that the siege in our life was over and urged us to shout the shout of victory. From my room where I was watching I started shouting believing that my sister is healed and that the fibroid in my wife's uterus has disappeared. Daddy assured us that before sunrise we shall hear testimonies. I slept with joy and by the time I called my mum by 8.20am today 10 December, I got the good news, the demonic siege had been lifted, my sister was up and doing, the heaviness in her body had miraculously vanished and she in fact woke up very early to ask for food. This has confirmed the word of the prophet that everyday of 2017, I shall receive good news. Let somebody shout hallelujah. Hallelujah.

First I will like to thank God for the salvation of my soul,I have been believing God for a finance application for my son's university,but he was refuse because we are not up to 3years in the country before the start up of his university.We appeal the process and every time since October i will ask him if anything has changed on his application he will say no. Since the congress started I have been joining online to watched the programm,and last night after Daddy GO raised the handkerchief and Daddy said we should place our hands on the screen at the exact location of the hancky,,I did and the only thing i was

asking for is favour in all that concerns me and my family, The program finished at around 2 am UK time, and I went to bed, around 3am, I got up to use the toilet and my eye went to where my phone is charging and I saw 2 missed call from my son who is in the university, what comes straight to my mind is that I hope this boy is fine,so I called him back and he said he just a notification on his email that something has changed on his application and checking it he has been approved for close to £10.000. Praise The God of Daddy GO

Testimony

I thank God for the salvation of my soul; Two weeks ago i was baptised (by water immersion) to the glory of God, before then i used to feel so many strange things, eg; unseen things sprawling on my body, night mares, heavy pain in d middle of my head and so on. I prepared seriously towards our deliverance night, and to the glory of God i was delivered, even before the program started, after the praise and worship (where i really dance in expectant, i said to my self incase my prayer is not enough praise will do the rest), the power of God hit me and i fell, i was on the ground for more than an hour moving misteriously, some pastors later came and started praying for me, and i could hear the demon started screeming for them to leave it alone, i could hear the demon say "e so fun ko ma ma binu mo, tori pe o ti le binu ju ni mo se.wo inu e", the pastors kept on praying and after challenging them wanting to know in whose name they are asking it to come out, they answered and said IN THE NAME OF JESUS! and it flew out and immediately the power of God came upon me and started speaking through me to His people. After the baptising program, i still kept on praying for God to give me complete restoration for all that i av lost and to the glory of God, on thursday (day 4) of the program the Lord perfected what He started. HALLELUYAH! THE LORD HAS MAKE ME FREE AMD I AM FREE INDEED!

I give glory to God who caused me to triumph, I thank God for the salvation of my soul and particularly for answering my prayers. Last year congress, I watched the congress over the internet and on Friday night,Our father in the Lord, daddy G.O told us to ask GOD for a Christmas gift and I was trusting GOD for a life partner. Then I told GOD that I want to meet my husband and I want that to be my Christmas gift. I also keyed into the testimony that daddy GO gave about a "lady who met her husband after the word of knowledge came "that the person who was hindering her from getting married will be taken out of the way and after that she got married in six months time" Low and behold I met my husband 3months after the congress and we got married in May 2016, that's 5 months after the Holy Ghost Congress in Dec 2015. Only God could have surpassed my expectations, to God be the glory. Praise The Lord!!!!!!

But on the second day of the Congress Daddy G.O asked us to pray for full restoration of our health, spiritually, physically and mentally and financially. I prayed this with all my heart for my healing from this illness that stops me from doing daily activities. I thank God that from that night till date I have not taken any form of pain killers, I wake up without the feeling of any pain. I can do all my daily activities with any pain. i give glory to God Almighty. On the 2nd of December,2016, I tried calling my daughter's (Kehinde Adeleke) number but she didn't pick her call and later in the evening it was switched. I started praying and hoping all is well with her only to be called on 3rd of Dec by a man who said my daughter is in his custody. He asked for a ransom of 6 million before he can release her. I started crying and begged him that I don't have that kind of money at all been that am a civil servant in Osun State. I called all the pastors and everyone around me and prayers started immediately. Friends and families started praying even in camp. The first day program Holy Ghost Congress 2016 was really for the situation my family was in. We negotiated from 6 million to 100,000. I thank God that He didn't put His name to shame in my family. My daughter came back on Friday 9th of Dec 2016. She later told us that she boarded bus within Lagos to go to the park and when it was full, the door was shut and the next thing they knew was that they saw themselves in a room where they were informed that they have been kidnapped. On Wednesday, one of them was killed as sample that they can do anything to them. Out of 18 of them, she was the only one released yet. I give glory to God of Pastor Enoch Adejare Adebayo because He is a faithful God. Help me shout Hallelujah.

Testimony

THE FLOOD GATES OF HEAVEN WAS OPENED UNTO MY FAMILY 2016 The Lord has been too wonderful to me and my family . During the Holy ghost congress 2016 . The Lord spoke through Daddy G.O - He said that he will take me to levels that I never expected I could reach , Daddy GO also told us to pick a comb and use it to comb our hair forward and he prayed and declared over the comb. In January this year , for the first time I partook of the 50days fasting and prayers . I trusted God in faith believing Him for all that my heart desired - particularly a new job For the year 2016 I trusted God for a change in career ,It was though I had been stagnated I specifically asked God I wanted a permanent Project management job I asked God that before August I wanted a change of job . The Lord proved Himself in diverse ways and brought His words to pass. 1) The Lord ordered my steps in January when i went for a project management training - He granted me journey mercies all through the 1month 2) My husband passed his Prince 2 exams 3) The Lord blessed us with a car 4) The Lord showed Himself beyond my expectations - I had my interview with the civil service on the 15th April . The Lord went ahead of me . It could only have been God that saw me through the interview . I felt the presence of the Holy spirit , He filled my mouth and granted me utterance and favour in the sight of the interview . The Lord granted me so much confidence and boldness . He was there with me From the interview date and throughout when I waited for the results of the interview , each day I fasted and had a night vigil where i danced like never before. To the glory On the 17th of May , I received a conditional offer and was advised that when the vetting was completed they will confirm my start date 5) When the devil wanted to raise its ugly head to we waited patiently for a start date , the Lord directed us to ring DBS , I want to appreciate the name of the Lord in spite the restrictions , the Lord still reserved our place in MOD . all that i asked God for in a project management job he gave , He gave me much more i asked for . I was focusing on less payed jobs but the Lord gave us much more , He was faithful . He showed me mercies for 4 years in with my previous employer I was not laid off or sacked . There were so many reasons for me not to have gotten the MOD job but the Lords intervention spoke for me 6) He granted journey mercies to Nigeria , He kept and preserved us , He sanctified the roads for us 7) He garnered my father elevation from 3rd class King to 1st class . He made this happen at His own time 8) The Lord is not limited or restricted by the rules or policies of the land . He confirmed this by making us a living testimony of his goodness , he gave my husband a new role, granting him elevation in spite of the employment rules that was put in place , for 28days the Lord preserved the position , because Jehovah was involved they didn't find a suitable candidate for those 28days , our God is indeed a covenant keeping God , He is not limited in any way , He gave us a complete package . his sponsorship application with the new employer was full paid for . The Lord granted my husband and I double blessings on the same day I received 2 offer letters , my husband had 2 offers of employment . He gave us double blessing , He granted us restoration , He has made this year a year of Gods fullness , It's been a year of breakthroughs for us . 9) On the 1st December he caused me to find favour in the sight of my managers - my shift request was granted - Only God could have done this not by the works of our hands . I do not take any of these for granted , I look back over my family and I judge

the Lord faithful. I appreciated the God of Daddy G.O To Him be all the glory

But I made up my mind to come to camp, take some soil and stone. During the service I kept saying God please mention my case, the last word of knowledge Daddy GO gave was that God has healed thousands. When I got home I poured some of the sand and stone in my bathing waters while bathing I kept praying asking the lord to give me new blood, new water, new organs and the lord did it. Miraculously I was granted a scholarship that waived ALL my tuition in addition to biweekly salary and to the glory of God I will be graduating on December 16, 2016. My wife was also given a complete scholarship that we never planned for to study her masters and she will be done next year December. To the glory of God, we also had our baby boy this year summer. Deliverance from forced Menopause I am Christianah Bolupe from Lagos Province 45. About two years ago I just observed that my menstruation has stopped (at age 42), not only that, i started feeling sick continuously (and I was not pregnant). When i saw my Doctor, he was surprised but tried to encourage me and he said it was early menopause. Little did I know that the menopause and sickness were forced/brought on me by the enemies. My deliverance came during the last convention, precisely, Thursday (Deliverance night) God delivered and healed me. To my surprise, on the next day which was Saturday morning my Menstruation started flowing again and continuous sickness completely stopped.

I want to use this medium to thank THE ALMIGHTY GOD for showing me divine mercy lastnight 6/12/16 the second day of the congress. For some months now, I have been having serious itching in my private part that has been on and off and even giving me painful urination. I have gone for tests and treatments but without any good results. But, to my surprise when our daddy in the Lord was ministering on HEALING VIRTUES, he said God hears us when we pray and to my surprise it was only my case that God used him to mention on the day 2 of the congress that somebody is here God said: HE HAS REMOVED WHAT IS MAKING YOUR PRIVATE PART TO BE HOT and that you didn't notice it. I said Amen as I claimed it and before the following morning the cause of the pain had disappeared I'm healed. INDEED, ONLY GOD CAN DO WHAT NO MAN CAN DO. Let somebody shout Hallelujah.

Shout HALLELUYA!!!!!!!!!!!!I am the fellow that God said He has put out the fire in that person's private part, while Daddy GO was preaching yesterday dec 6th 2016. I had this terrible itch in my private area, such that, while the program was on I had to go check myself on what could be the problem. So when the prophesy came forth I claimed it, and that was it, the itch of about 3-4 days suddenly disappeared without medication. While I'm at it, I might as well also share another testimony. Last year during the congress titled "Floodgates of Heaven", Daddy prophesied and said God said He is giving someone a new set of vocal cords and new pair of lungs. I immediately claimed it. Prior to that time my voice had gone very hoarse. It happened that in 2007 Daddy GO said that God said anyone who doesn't use his/her it would be taken

away from that person. I had just joined the work force in RCCG and was posted to the teaching department(which I love dearly and have no regrets about that.) and was not allowed to join the choir which I also love. So ,not long after the prophesy,my voice became hoarse. I could barely speak after a vigil,and I couldnt sing! I kept praying for my gift to be restored,I would come out every thanksgiving service and sing a hymn of praise to God as downpayment for His miracle in my life.During the 100day fast in 2014 it was one of my prayer points.By that time God had given me the grace to sing in the choir as well as continue my teaching ministry,He also allowed me to be a part of the mass choir. So early in 2015 I asked Him for new vocal cords and lungs so I could sing well otherwise I would just leave the mass choir and my local choir since I have no business there if I cant sing.And GBAM!!!during the Holy Ghost 2015,the word came forth ,I claimed it and now I can sing.I havent gotten to the level I desire,but if God did this,He'll definitely take me there in Jesus name !Amen! Praise the Lord!!!!!!!!!!!!Halleluya!!!!!!!!!!!!!! Anonymous(If i may ask ,please keep my name secret).

Prior to the Congress I had been married for a number of years and had never gotten pregnant, not even a miscarriage. I asked a child of the Almighty and to his everlasting glory a month later I discovered I was pregnant. Praise the Lord. My children (2yrs and 5 months old) were sick. We have been to the hospital but the symptoms (flu, dry severe cough, catarrh, vomiting and high fever) persisted. I kept praying and speaking God word over them, believing God for their healing. I refused to go back to hospital. I told God that if he could not heal them, then there reason going to see the doctor. Yesterday morning, the symptoms worsen and blood was flowing out of the nostril of my son. My heart was heavy with pain. I kept reminding God of his promises that he alone is the one that heals. By evening, My babies were very sick and weak as they keep vomiting any food that goes into their stomach. I kept reminding God that there is a balm in Gilead, that if that balm cannot heal them, then doctors can't either. My heart was heavy in pain watching them. It seems God did not hear my prayers. When I joined the congress of yesterday online my heart was pained and heavy. my only prayer was that God should heal my children. When daddy came, he said that someone was pained and was asking God to take away the pain...that although our cries are many, God hears us all...that before the day breaks, we shall have a testimony. Those words were for me. I received the word of knowledge by faith. After the congress yesterday, it looked like nothing happened but I ignored the symptoms and just keep thanking, praising and worshiping God. To the glory of God, by this morning, my children woke up strong, fever vanished, blood flow and catarrh stopped, they ate without vomiting and are in perfect health. To God be glory and praise forever. Indeed our God still answers prayers!

I want to firstly bless the name of the Lord for the salvation of my soul. i moved to the united states for my masters degree in the year 2014 and my life has turned around ever since. Last December i took a class called Operations Management which i found very challenging, when my final exam came, i was unable to answer virtually any of the questions, i went home and cried bitterly because if i had failed that class, i was going to loose a paid internship that he Almighty had given me. i called my mom that night frantically and told her everything was on the line, but she reminded me that God owned the line!. she advised me to key into the Holy Ghost Congress and I did. The Saturday after the congress, I had a dream that my professor was making some alterations to our grades and i saw that i had a B in the class, as soon as i woke up i claimed it. As soon as i checked my result, exactly how i saw my grade in the dream was how it was when i checked my grades. Secondly, before i graduated in August, i got a Job offer from a top electronics company but i was unable to start because i was yet to graduate, and i had to have finished my degree program before i could accept any job offer. I got the offer on the day of the North American Holy Ghost Convention in Dallas Texas. During the service i was asking God why i would get an offer with such a respected company and i was unable to accept the offer, as soon as i thought that, Daddy GO kept quiet and said that the Lord told him to tell someone that He will avert any Doubts they have, and i claimed it. as soon as i graduated, i got another interview with the same company and i was given the a better offer and position. Praise the Name of the Almighty God!!!!

At the congress, we prayed to God that he would not allow us to have children with SS genotype. Today, we have three children none of whom is an SS. Testimony

I share this testimony to glorify the name of the Holy one of Israel, Agbanilagbatan. He did what no man or dermatologist can do. I have suffered or better still was afflicted with some strange skin disease-just the face. It was really bad, i mean terrible...infact the dermatologist was scared as well..and in her words she said they were frightening. After years of prayers at all, I had already resigned to fate but all of a sudden,...the change came and it kept improving day after day..I remember using the handkerchief Daddy prayer on several times and I must confess my skin is now that of a new born baby. Like he did for Naman.. he did for me as well. God is still in the business of healing...be it leprosy,cancer,and what have you. I stand in awe of his name. Thank you Jesus.

Testimony

Ameliya has inspired this humble man to write two books, two books from God that will help change this world and the future of our children. There are over 7000 illnesses and disease plaguing our children around the world! This is unacceptable my friends! There are 16,000 children dying every day, and 45% of them are dying from malnutrition! What if one of those children was yours? What would you do to save them? As a father of 3 daughters, I would give my life to save one of my children! November 3rd, 2016 Ameliya's birthday wish Today is a very special day. I want to wish my granddaughter Ameliya a very happy birthday! She turned 18 months old on this day; and the doctors gave her no chance to survive beyond 4 weeks! Then at 3 months and 6 months, the doctors told my daughter Amanda to think about letting her go! Faith, prayer, courage and a soul of a warrior dwells in this child! Happy birthday Ameliya Monet Ritch-Lee! Your story

will be heard and your life will bring hope to the masses! God bless you and the angel you rode in on! To my daughter Amanda, "it was your faith in God and your courage; you not leaving Ameliya's side with God watching all this. You and God together gave Ameliya the strength to continue, when all others had written her off! I bow to my two heroes, for they are what inspired this humbled man to save this world and the lost children; who are crying out for our help! You are invited to help me tell her story and change the world! ONE CHILD AT A TIME! My name is Kenneth Ritch and it is my true and pure joy to share this with you. To give you Ameliya's story of faith, her journey and her warrior like courage! I contacted you last year about a worldwide prayer day for Ameliya. Well she has fought hard, through your prayers and faith, she is still fighting. We need your help though, to continue this journey of faith and courage! Our children need us more now than ever; unfortunately the world is failing them. We must fight for the children of God. <https://www.generosity.com/faith-religion-fundraising/publish-2-books-and-start-a-non-profit-from-sales/> <https://igg.me/at/U3XybORyMbU> [facebook.com/blr.kreations](https://www.facebook.com/blr.kreations) <https://youtu.be/vfJFSupJdc8> We owe it to our children to do something about this. One day at a time, one child at time; the change can be made starting with you! Ameliya is my hero, and this hero needs my help and yours; as do the rest of the crying children across the globe. My granddaughter Ameliya is a light, in fact Ameliya means just that. She is to be the brightest light wherever she is. The hand of God, to do God's work! A miracle dwells within her story. Let us share it with the world, one child at a time. Our goal is \$26,000 to begin this amazing journey! The books are \$9000 to edit and publish, along with the marketing, The legal part of the foundation, will run about \$3000. There is \$2000 going toward marketing the books before release and another \$2000 to purchase many books after it is brought to the market. That leaves \$10,000, and this is for Ameliya; to purchase a van for her family! This target will be met, and it will be met quickly! Profits from the books will help Ameliya and also help fund the foundation, a place that will focus on our children in this world and a better life for them! The books have already been reviewed by Christian Faith Publishing and a letter of agreement is in my hands. The importance of this, they do not just publish just any book. These books, this story will truly change the lives of anyone who reads them, and in turn the lives of our children around the world. Please help us, in every way possible; to make this happen. So many children lost, so many children unloved; and this a beginning to change that! We have created a business plan that will start the greatest goodwill campaign the world has ever seen, and you can be part of this. The sooner we raise the \$26,000, the sooner we can change things. Please let me know what is the best path to make this happen? November 5, 2016 something truly majestic happened to me today! Something majestic happened to me today! Today I was given the pure joy of receiving a gift from God. Nature is so beautiful, I witnessed something incredible, something spiritual; something not of this world. As I was walking to the library to help God save us; I stopped at a light. A butterfly landed on the bush next to me. With the gentle hand of my Father, I approached that butterfly and in complete aweless; it allowed me to pet it. Not just touch it though, but actually allowed me to pet it. Then it flew up and landed next to me again. I did not try to pet a second time, for once had me in such awesomeness; I could not move. I became sort of frozen in time, time ceased to exist for me and that butterfly. So I just watched it sit there, as another baby butterfly landed next to it! Majestic indeed, I truly wish this poet, this man filled with words of beauty and hope, could tell you just how I felt in that moment! But you can use your imagination and try fathoming what I felt? Imagine being removed of everything not of God? I felt nothing but love in every fiber of my being. MAJESTIC INDEED! Something truly majestic happened to me today! November 9, 2016 update It is has been 4 weeks since I started contacting a variety of different entities, that could help make this happen. The total has reached a total of 60 pages of contacts, throughout America. In the process I have contacted 50 mega churches in America; many prayers are being prayed all over the country. They are praying for God's will to be done, for the hand of God to bring miracles to the eyes of His children. He has created something beautiful in me and I am to share it with the world. This foundation and two books will be used by God to change the world, to create and implement a soul changing goodwill campaign. We are to wear the armor of God with love in our hearts, strength in our bodies, wisdom in our minds, courage in our spirit; and God dwelling within our souls! We are in the final battle before Christ comes, we must bring as many souls back to our Father as possible. God has shown me how, and I am asking the world to join me. To have faith in our Father that it is time; time to fight for the souls of every child of God. My Father has shown me how; please help the hand of God work through me! Our goal is still \$26,000; please help in any way God ask you to. In total, I have contacted over 100 churches, and the prayers are heard by God. But we are still \$26,000 short of our goal. I have done the math and if every church had donated \$260 each, our goal would have already been met! I pray every day for our men and women in faith, for the children of the Almighty God to make this happen. Thank you and God bless all of you! April 4th, 2016 A Mother's Thoughts These are words of a mother who has fought, shown courage, realized faith and believed in God with no doubt about what is possible. Mandy knew from the beginning that Ameliya had a destiny and she has been by her side, so that destiny can be fulfilled. Ameliya is coming home and my daughter shared her thoughts on FB and I now share them with you! Faith, faith is what brought this butterfly home, faith is what made her wings strong, faith is what the world is missing; so let faith help you rise above the world and find God our Father who awaits all his children, come to him and he will be yours for an eternity,. Can't sleep... Thinking about my babies and how strong they are. Wondering what goes on through their little minds... Do they feel abandoned every time I leave them? Are they lonely or sad...? Are they okay? Do they think this is what life is always going to be, a mommy that goes back and forth all week? Does Ameliya think the hospital is home, is she going to be okay when she really comes home? Are my other babies going to be okay when she comes home because things will be different, my attention will have to be everywhere...especially on Ameliya. How do you explain to young kids that their sister needs extra special attention, that she can't do all the things they want to do, that sometimes mommy won't be able to do the things they want me

to do? Ameliya is on the road to home and I'm so excited, my insides are jumping for joy... But honestly I'm freaking terrified. What if I do something wrong? What if I miss a medicine, what if I don't realize she's sick with a cold or something and needs an increase of steroids, what if she does crazy Ameliya things like she always does cuz she's a little goofball? What if I miss something... my child's life will literally be in my hands. I know God will be with me every step of the way as he has been through this entire journey!!!! My kids seriously are the most amazing little creatures I've ever known!!! My Ameliya is a WARRIOR, God's warrior, and my Addy and Larky are brilliant, loving, sensitive little souls that are learning to share me, that are learning the ways of the world on this journey with me. I hope they know I'm going to do my very best to be at everything, to give them TIME, to keep them SAFE, to make them SMILE, to LOVE them and let them know how SPECIAL and IMPORTANT they are to me. I'm going to give it my all, give them everything that is in me to make sure they can just be kids, to make sure they have a childhood they don't have to recover from, to make sure they know that I will ALWAYS be by their sides through anything and everything. This past 11 months has been the hardest time of my life, and even though I break down sometimes or feel like I'm losing my freaking mind, I know... and I will show my babies, that this storm will pass and tomorrow will be a better day! We can always do better... We were made to be amazing; my children are LIVING PROOF of the love of OUR GOD! They are the proof...GOD IS NOT DEAD, He is mightier than ever!!!! Thank you God for hearing our prayers, for carrying us through this storm... We're almost there. I won't let go! Thank you God for my babies...they are my WORLD, my DREAM, my SUCCESS, my HOPE, my FAITH, my LOVE, my EVERYTHING!!!! #AMELIYASTRONG Kenneth Ritch 619-852-1600 Amanda Ritch 619-940-9255 blrkreations@gmail.com 115 Madison Ave, Chula Vista, Ca. 91910

Praise the Lord! I have come to return all the glory to God. I was opportune to attend yester night Abuja special Holy Ghost Congress. I came to the venue empty handed, which is I don't even have money for offering, because since Monday I have not held one naira in my hand. When the service was going on, Daddy said the money in my pocket will not finish, I laugh and I said amen. And also Daddy said through word of knowledge that God has lifted every siege on my finances and also that before the sun rise this money that a new song shall be sing in my house. To the glory of God, all this came to pass in my life to the extent that it was call of financial breakthrough that woke me up this morning. I thank God for giving me all round transformation. I believe that all other prophesies shall come to pass in my life and my prayer request on the ground shall be deliver to me before this year end. Amen. I thank God for your life Daddy. We all agreed in faith including some prayers and fasting. As God will have it, less than a month later, I had two interviews in one day and one of the companies indicated interest to absorb me fully into their operations. I thank His for the Salvation of my soul and that of my family, I was involved in a fraud act, and I was taken to the police. later I was charged to court constantly I was prying for mercy, at a time it seems its getting worse. Suddenly I hired a new Barister and when he appeared things turn a new look, all tthat wanted me to go in for it are not free of the same issue. Its just that they want to use me to gain promotion in their various work place, extension of service year, exalted positions in the various place of work. God stood by me and by the applications my barrister made has crippled all their plans. Without being told I know God has risen up on my behalf. Because their strong hold had been distablized. I sincere thank God for the journey so far, believing him for the final Victory ahead which he has already assured me. I bless the name of God for His mighty hand upon this case, for stepping in at the right time. Jesus. s the one that granted me bail even when all has looked at the charge sheet and said to me that I will be remanded in the prison. He stood by me and I was granted bail against all odds. I bless his name cos the life am living now its His own life. Thank you Jesus. I thank GOD for my wife who has trued in transforming me to knowing God the way I knew him today.
